## Member Withdrawal Guide - 401(a) Plan

### The Member Withdrawal Request

#### **Before completing the form, please note the following information:**

- I must be eligible to receive a withdrawal from my employer's Plan.
- All pages of the Plan 3 Member Withdrawal form ("Withdrawal Form") must be returned excluding the Member Withdrawal Guide and the 402(f) Notice of Special Tax Rules on Distributions.
- Neither this Guide nor this Withdrawal Form are intended to provide tax or legal advice. In the preparation of this Withdrawal Form, and where I deem appropriate, I will seek a consultation with my accountant and/or tax advisor.
- **I must complete a separate Withdrawal Form for each system.**
- **If I am a Beneficiary, I need to complete and submit a Plan 3 Beneficiary, Estate & Successor Withdrawal form rather than this Withdrawal Form.**
- **If I am an Alternate Payee, I need to complete and submit a Legal Order Payee Withdrawal rather than this Withdrawal Form.**

#### **Changes to My Request**

- Any changes to this Withdrawal Form must be crossed-out and initialed. If I do not initial all changes, this Withdrawal Form may be returned to me for verification.

#### **Incomplete or Inaccurate Information**

- In the event that any section of this Withdrawal Form is incomplete or inaccurate, the Record Keeper may not be able to process the transaction requested on this Withdrawal Form. I may be required to complete a new form or provide additional or proper information before the transaction will be processed.

### Section A: What is my personal information?

- All information in this section must be completed.
- Personal information will be kept confidential.
- If I am a U.S. Non-Resident Alien, I should refer to the "How will my taxes be withheld?" section of this Guide to obtain more information about attaching an IRS Form W-8BEN.

### Section B: What is my reason for this withdrawal?

- I must designate only one withdrawal reason in order for my request to be processed. If more than one withdrawal reason is elected, this Withdrawal Form may be returned to me for further clarification.
- Once the Record Keeper has processed a withdrawal, it cannot be returned.
- The following is a brief explanation of each of the withdrawal reasons and associated requirements listed on this Withdrawal Form.

#### **Separation From Service**

- I would check this box to request a withdrawal from my account due to my separation from employment/retirement from the employer/company sponsoring this Plan.
- I must indicate the date of separation from employment/retirement on the line provided.

#### **Required Minimum Distribution (Age 70½)**

- I must be separated from employment to be able to select this option and I must enter the date that I separated from employment on the line provided.
- I would check this box if I am age 70½ or older and I want to take a one-time withdrawal of my required minimum amount. I will be responsible for calculating my required minimum amount every year and completing this Withdrawal Form to request payment.
- If I would prefer to have my required minimum amount automatically calculated and sent to me each year, I must request an Automated Minimum Distribution Request form. Once the Automated Minimum Distribution Request form is completed and received by the Record Keeper, I will receive my required amount without additional paperwork.

### Section C: What type of withdrawal and how much am I requesting?

- I must designate a type of withdrawal in order for my request to be processed.
- Once the Record Keeper has processed a withdrawal, it cannot be returned.
- The withdrawal will be prorated against all available investment options and all available contribution sources.
- The following is a brief explanation of each type of withdrawal listed on this Withdrawal Form.

#### **Payable to Me as a One-time Withdrawal**

- I would check this box to have my withdrawal made payable to me and enter the requested amount.
- If I select the Net Amount box, the actual withdrawal amount will be greater than the withdrawal amount received to account for applicable income taxes and fees.
- If I select the Gross Amount box, applicable income taxes and fees will be withheld from the gross amount, resulting in an amount less than the requested amount. If both or neither check box is marked, the request will be processed as a Gross Amount.
- If I am electing a partial withdrawal, I must indicate the percent or amount in the lines provided.
- If I am electing this option for my Required Minimum Distribution, I must enter a dollar amount. Percentages are unavailable.
- My withdrawal will be prorated against all of my available investment options and all available contribution sources.

#### **100% Withdrawal With A Portion Payable to Me and the Remaining Balance as a Direct Rollover**

- I would enter the requested amount to be paid to me and the remaining balance will be withdrawn as a direct rollover.
- If I select the Net Amount box, the actual withdrawal amount will be greater than the withdrawal amount received to account for applicable income taxes and fees.
- If I select the Gross Amount box, applicable income taxes and fees will be withheld from the gross amount, resulting in an amount less than the requested amount. If both or neither check box is marked, the request will be processed as a Gross Amount.
- An eligible rollover withdrawal may be paid directly to Roth IRA. Mandatory Federal and State Income Tax withholding does not apply to this type of rollover. However, this withdrawal is subject to Federal and State Income Tax withholding and I am responsible for making tax payments. The taxable withdrawal will be reported on IRS Form 1099-R. Making an estimated tax payment to the IRS and an appropriate state authority at the time of this rollover may be one of the options to cover this tax liability. Where I deem appropriate, I will seek a consultation with my tax advisor.
- The rollover may not be completed if the acceptance letter and the form provide conflicting information. I may be contacted to provide additional information.

- Required Minimum Distributions are not eligible for rollover.
- It is my responsibility to make sure that the Trustee/Custodian/Provider information provided is accurate.
- The Record Keeper is not responsible for misdirected payments due to incorrect information or address.

#### **Rollover to an IRA or an Eligible Retirement Plan as a One-time Withdrawal**

- It is my responsibility to determine if the IRA or an eligible retirement plan accepts eligible rollover withdrawals.
- I would check this box to have my withdrawal sent to an IRA or an eligible retirement plan or New Employer's Plan and enter the requested amount.
- The withdrawal will be prorated against all of my available investment options and all available contribution sources as allowed by IRS regulations.
- An eligible rollover withdrawal may be paid directly to a Roth IRA. Mandatory Federal and State Income Tax withholding does not apply to this type of rollover. However, this withdrawal is subject to Federal and State Income Tax withholding and I am responsible for making tax payments. The taxable withdrawal will be reported on IRS Form 1099-R. Making an estimated tax payment to the IRS and an appropriate state authority at the time of this rollover may be one of the options to cover this tax liability. Where I deem appropriate, I will seek a consultation with my tax advisor.
- It is my responsibility to make sure that the eligible retirement plan provides for a designated Roth account and can accept Roth rollovers.
- The rollover may not be completed if the acceptance letter and the form provide conflicting information. I may be contacted to provide additional information.
- I must complete the Required Minimum Distribution information if I am age 70½ or older and I am requesting a 100% withdrawal as a direct rollover unless I have already satisfied my required minimum distribution for the year.
- Required Minimum Distributions are not eligible for rollover.
- It is my responsibility to make sure that the Trustee/Custodian/Provider information provided is accurate.
- The Record Keeper is not responsible for misdirected payments due to incorrect information or address.

#### **Periodic Installment Payments**

- If I am requesting to establish a new periodic installment payment, I would check the box before "I am requesting to establish a new Periodic Installment Payment." I would then fill in the First Payment Processing Date, Frequency and Payment Type. See [Periodic Installment Payment Options](#) below for explanation of the options available.
- If I have an existing periodic installment payment and I would like to change the frequency or payment date, I would check the box before "I am making a change to an existing Periodic Installment Payment." I would then fill in the information that I want changed.
- If my request is to establish a new periodic installment payment but I would also like to take a one-time partial withdrawal, I would check the box before "I am also requesting a one-time withdrawal..." and enter the dollar amount or percentage on the line provided. I would then fill in the First Payment Processing Date, Frequency and Payment Type. See [Periodic Installment Payment Options](#) below for explanation of the options available.

#### **Periodic Installment Payment Options**

##### **First Payment Processing Date**

- If I am invested in the Self-Directed Program, I must select a First Payment Processing Date. The First Payment Processing Date is the date the funds will be withdrawn from my account.
  - I may choose any day between the 1st and the 28th for my First Payment Processing Date. If my chosen date falls on a non-business day (weekend, holiday, etc.) then my payment will distribute on the next available business day.
- If I am invested in the WSIB Program, payments are initiated the second business day of each month.
- Allow one to two business days for an electronic delivery to be credited to your bank account.

##### **Frequency**

- For the Self-Directed Program, I must select the frequency of my payment from the available options.
- For the WSIB Program, the frequency of my payment will be monthly.

##### **Payment Type**

###### **Amount Certain (*Gross Amount Only*)**

- I would select this option if I wish to receive specific dollar amount payments on an installment basis.
- The payments will continue until my account balance is zero.
- The number of payments I receive will vary depending on the performance of my underlying investment options.

###### **Period Certain (*Specific Number of Years*)**

- I would select this option if I wish to receive a set number of periodic installment payments.
- Payment amounts will depend on the account value, which may fluctuate depending upon my chosen investments' performance, the number of years I elect to receive payments and the frequency chosen.
- The payment amount will be calculated by dividing my current vested account balance by the number of remaining payments and is recalculated each time a payment is distributed; therefore, the amount of each payment typically differs. For example, if the payout is to be annually for 4 years, the initial payout amount will be equal to ¼ of my account balance. The second payment will be ⅓ of my balance. The third payment will be ½ and the final payment will be the remainder of the account balance, resulting in a zero account balance.

### **Section D: How do I want my withdrawal delivered?**

- Certain delivery options are not available on all types of withdrawals.
- Delivery of payment is based on completion of the withdrawal process, which includes receipt of a complete request in good order.
- I must select a delivery option from the choices provided. If I do not make any selection, all transactions will be sent by regular mail.

#### **Below is description of each delivery option**

##### **Check by USPS Regular Mail**

- If the check is payable to another retirement provider, it will be sent to the address indicated in Section C.

##### **Check by Express Delivery**

- A non-refundable charge of up to \$25.00 will be deducted for each check.
- Not available for Periodic Installment Payments

- Available for delivery, Monday-Friday, with no signature required upon delivery
- If the check is payable to me, it will be sent to the address on file unless an address change or alternate address is indicated in the 'Signatures and Consent' section and is properly notarized.

- If the address is a P.O. Box, the check will be sent by USPS Express and estimated delivery time is 2-3 business days.

#### **Direct Deposit via Automated Clearing House ("ACH")**

- I understand that to establish Direct Deposit via ACH, in addition to including the required documentation requested below, I must have my signature notarized in the 'My Signature Notarization' section of this form. If either the required documentation is not attached or my signature is not notarized, ACH will not be established on my account and a check will be mailed to the address of record.
- I would elect this option if I want my payment to be electronically deposited into my personal checking or savings account.
- Estimated delivery time is 2-3 business days
- No additional charge
- Not available for Direct Rollovers
- Available for Periodic Installment Payments at no charge

## **402(f) NOTICE OF SPECIAL TAX RULES ON DISTRIBUTIONS**

### **YOUR ROLLOVER OPTIONS**

You are receiving this notice because all or a portion of a payment you are receiving from the Plan is eligible to be rolled over to an IRA or an employer plan. This notice is intended to help you decide whether to do such a rollover.

This notice describes the rollover rules that apply to payments from the Plan that are not from a designated Roth account (a type of account with special tax rules in some employer plans). If you also receive a payment from a designated Roth account in the Plan, you will be provided a different notice for that payment, and the Plan administrator or the payor will tell you the amount that is being paid from each account.

Rules that apply to most payments from a plan are described in the "General Information About Rollovers" section. Special rules that only apply in certain circumstances are described in the "Special Rules and Options" section.

### **GENERAL INFORMATION ABOUT ROLLOVERS**

#### **How can a rollover affect my taxes?**

You will be taxed on a payment from the Plan if you do not roll it over. If you are under age 59½ and do not do a rollover, you will also have to pay a 10% additional income tax on early distributions (unless an exception applies). However, if you do a rollover, you will not have to pay tax until you receive payments later and the 10% additional income tax will not apply if those payments are made after you are age 59½ (or if an exception applies).

#### **Where may I roll over the payment?**

You may roll over the payment to either an IRA (an individual retirement account or individual retirement annuity) or an employer plan (a tax-qualified plan, section 403(b) plan, or governmental section 457(b) plan) that will accept the rollover. The rules of the IRA or employer plan that holds the rollover will determine your investment options, fees, and rights to payment from the IRA or employer plan (for example, no spousal consent rules apply to IRAs and IRAs may not provide loans). Further, the amount rolled over will become subject to the tax rules that apply to the IRA or employer plan.

#### **How do I do a rollover?**

There are two ways to do a rollover. You can do either a direct rollover or a 60-day rollover.

If you do a direct rollover, the Plan will make the payment directly to your IRA or an employer plan. You should contact the IRA sponsor or the administrator of the employer plan for information on how to do a direct rollover.

If you do not do a direct rollover, you may still do a rollover by making a deposit into an IRA or eligible employer plan that will accept it. You will have 60 days after you receive the payment to make the deposit. If you do not do a direct rollover, the Plan is required to withhold 20% of the payment for federal income taxes (up to the amount of cash and property received other than employer stock). This means that, in order to roll over the entire payment in a 60-day rollover, you must use other funds to make up for the 20% withheld. If you do not roll over the entire amount of the payment, the portion not rolled over will be taxed and will be subject to the 10% additional income tax on early distributions if you are under age 59½ (unless an exception applies).

#### **How much may I roll over?**

If you wish to do a rollover, you may roll over all or part of the amount eligible for rollover. Any payment from the Plan is eligible for rollover, except:

- Certain payments spread over a period of at least 10 years or over your life or life expectancy (or the lives or joint life expectancy of you and your beneficiary)
- Required minimum distributions after age 70½ (or after death)
- Hardship distributions
- ESOP dividends
- Corrective distributions of contributions that exceed tax law limitations
- Loans treated as deemed distributions (for example, loans in default due to missed payments before your employment ends)
- Cost of life insurance paid by the Plan
- Payments of certain automatic enrollment contributions requested to be withdrawn within 90 days of the first enrollment.
- Amounts treated as distributed because of a prohibited allocation of S corporation stock under an ESOP (also, there will generally be adverse tax consequences if you roll over a distribution of S corporation stock to an IRA).

The Plan administrator or the payor can tell you what portion of a payment is eligible for rollover.

### **If I don't do a rollover, will I have to pay the 10% additional income tax on early distributions?**

If you are under age 59½, you will have to pay the 10% additional income tax on early distributions for any payment from the Plan (including amounts withheld for income tax) that you do not roll over, unless one of the exceptions listed below applies. This tax is in addition to the regular income tax on the payment not rolled over.

The 10% additional income tax does not apply to the following payments from the Plan:

- Payments made after you separate from service if you will be at least age 55 in the year of the separation
- Payments that start after you separate from service if paid at least annually in equal or close to equal amounts over your life or life expectancy (or the lives or joint life expectancy of you and your beneficiary)
- Payments from a governmental defined benefit pension plan made after you separate from service if you are a public safety employee and you are at least age 50 in the year of the separation
- Payments made due to disability
- Payments after your death
- Payments of ESOP dividends
- Corrective distributions of contributions that exceed tax law limitations
- Cost of life insurance paid by the Plan
- Payments made directly to the government to satisfy a federal tax levy
- Payments made under a qualified domestic relations order (QDRO)
- Payments up to the amount of your deductible medical expenses
- Certain payments made while you are on active duty if you were a member of a reserve component called to duty after September 11, 2001 for more than 179 days
- Payments of certain automatic enrollment contributions requested to be withdrawn within 90 days of the first contribution.

### **If I do a rollover to an IRA, will the 10% additional income tax apply to early distributions from the IRA?**

If you receive a payment from an IRA when you are under age 59½, you will have to pay the 10% additional income tax on early distributions from the IRA, unless an exception applies. In general, the exceptions to the 10% additional income tax for early distributions from an IRA are the same as the exceptions listed above for early distributions from a plan. However, there are a few differences for payments from an IRA, including:

- There is no exception for payments after separation from service that are made after age 55.
- The exception for qualified domestic relations orders (QDROs) does not apply (although a special rule applies under which, as part of a divorce or separation agreement, a tax-free transfer may be made directly to an IRA of a spouse or former spouse).
- The exception for payments made at least annually in equal or close to equal amounts over a specified period applies without regard to whether you have had a separation from service.
- There are additional exceptions for (1) payments for qualified higher education expenses, (2) payments up to \$10,000 used in a qualified first-time home purchase, and (3) payments for health insurance premiums after you have received unemployment compensation for 12 consecutive weeks (or would have been eligible to receive unemployment compensation but for self-employed status).

### **Will I owe State income taxes?**

This notice does not describe any State or local income tax rules (including withholding rules).

### **SPECIAL RULES AND OPTIONS**

#### **If your payment includes after-tax contributions**

After-tax contributions included in a payment are not taxed. If a payment is only part of your benefit, an allocable portion of your after-tax contributions included in the payment, so you cannot take a payment of only after-tax contributions. However, if you have pre-1987 after-tax contributions maintained in a separate account, a special rule may apply to determine whether the after-tax contributions are included in a payment. In addition, special rules apply when you do a rollover, as described below.

You may roll over to an IRA a payment that includes after-tax contributions through either a direct rollover or a 60-day rollover. You must keep track of the aggregate amount of the after-tax contributions in all of your IRAs (in order to determine your taxable income for later payments from the IRAs). If you do a direct rollover of only a portion of the amount paid from the Plan and at the same time the rest paid to you, the portion directly rolled over consists first of the amount that would be taxable if not rolled over. For example, assume you are receiving a distribution of \$12,000, of which \$2,000 is after-

tax contributions. In this case, if you directly roll over \$10,000 to an IRA that is not a Roth IRA, no amount is taxable because the \$2,000 amount not directly rolled over is treated as being after-tax contributions. If you do a direct rollover of the entire amount paid from the Plan to two or more destinations at the same time, you can choose which destination receives the after-tax contributions.

If you do a 60-day rollover to an IRA of only a portion of the payment made to you, the after-tax contributions are treated as rolled over last. For example, assume you are receiving a distribution of \$12,000, of which \$2,000 is after-tax contributions, and no part of the distribution is directly rolled over. In this case, if you roll over \$10,000 to an IRA that is not a Roth IRA in a 60-day rollover, no amount is taxable because the \$2,000 amount not rolled over is treated as being after-tax contributions.

You may roll over to an employer plan all of a payment that includes after-tax contributions, but only through a direct rollover (and only if the receiving plan separately accounts for after-tax contributions and is not a governmental section 457(b) plan). You can do a 60-day rollover to an employer plan of part of a payment that includes after-tax contributions, but only up to the amount of the payment that would be taxable if not rolled over.

#### **If you miss the 60-day rollover deadline**

Generally, the 60-day rollover deadline cannot be extended. However, the IRS has the limited authority to waive the deadline under certain extraordinary circumstances, such as when external events prevented you from completing the rollover by the 60-day rollover deadline. To apply for a waiver, you must file a private letter ruling request with the IRS. Private letter ruling requests require the payment of a nonrefundable user fee. For more information, see IRS Publication 590-A, *Contributions to Individual Retirement Arrangements (IRAs)*.

#### **If your payment includes employer stock that you do not roll over**

If you do not do a rollover, you can apply a special rule to payments of employer stock (or other employer securities) that are either attributable to after-tax contributions or paid in a lump sum after separation from service (or after age 59½, disability, or the participant's death). Under the special rule, the net unrealized appreciation on the stock will not be taxed when distributed from the Plan and will be taxed at capital gain rates when you sell the stock. Net unrealized appreciation is generally the increase in the value of employer stock after it was acquired by the Plan. If you do a rollover for a payment that includes employer stock (for example, by selling the stock and rolling over the proceeds within 60 days of the payment), the special rule relating to the distributed employer stock will not apply to any subsequent payments from the IRA or employer plan. The Plan administrator can tell you the amount of any net unrealized appreciation.

#### **If you have an outstanding loan that is being offset**

If you have an outstanding loan from the Plan, your Plan benefit may be offset by the amount of the loan, typically when your employment ends. The loan offset amount is treated as a distribution to you at the time of the offset and will be taxed (including the 10% additional income tax on early distributions, unless an exception applies) unless you do a 60-day rollover in the amount of the loan offset to an IRA or employer plan.

#### **If you were born on or before January 1, 1936**

If you were born on or before January 1, 1936 and receive a lump sum distribution that you do not roll over, special rules for calculating the amount of the tax on the payment might apply to you. For more information, see IRS Publication 575, *Pension and Annuity Income*.

#### **If your payment is from a governmental section 457(b) plan**

If the Plan is a governmental section 457(b) plan, the same rules described elsewhere in this notice generally apply, allowing you to roll over the payment to an IRA or an employer plan that accepts rollovers. One difference is that, if you do not do a rollover, you will not have to pay the 10% additional income tax on early distributions from the Plan even if you are under age 59½ (unless the payment is from a separate account holding rollover contributions that were made to the Plan from a tax-qualified plan, a section 403(b) plan, or an IRA). However, if you do a rollover to an IRA or to an employer plan that is not a governmental section 457(b) plan, a later distribution made before age 59½ will be subject to the 10% additional income tax on early distributions (unless an exception applies). Other differences are that you cannot do a rollover if the payment is due to an "unforeseeable emergency" and the special rules under "If your payment includes employer stock that you do not roll over" and "If you were born on or before January 1, 1936" do not apply.

#### **If you are an eligible retired public safety officer and your pension payment is used to pay for health coverage or qualified long-term care insurance**

If the Plan is a governmental plan, you retired as a public safety officer, and your retirement was by reason of disability or was after normal retirement age, you can exclude from your taxable income plan payments paid directly as premiums to an accident or health plan (or a qualified long-term care insurance contract) that your employer maintains for you, your spouse, or your dependents, up to a maximum of \$3,000 annually. For this purpose, a public safety officer is a law enforcement officer, firefighter, chaplain, or member of a rescue squad or ambulance crew.

#### **If you roll over your payment to a Roth IRA**

If you roll over a payment from the Plan to a Roth IRA, a special rule applies under which the amount of the payment rolled over (reduced by any after-tax amounts) will be taxed. However, the 10% additional income tax on early distributions will not apply (unless you take the amount rolled over out of the Roth IRA within 5 years, counting from January 1 of the year of the rollover).

If you roll over the payment to a Roth IRA, later payments from the Roth IRA that are qualified distributions will not be taxed (including earnings after the rollover). A qualified distribution from a Roth IRA is a payment made after you are age 59½ (or after your death or disability, or as a qualified first-time homebuyer distribution of up to \$10,000) and after you have had a Roth IRA for at least 5 years. In applying this 5-year rule, you count from January 1 of the year for which your first contribution was made to a Roth IRA. Payments from the Roth IRA that are not qualified distributions will be taxed to the extent of earnings after the rollover, including the 10% additional income tax on early distributions (unless an exception applies). You do not have to take required minimum distributions from a Roth IRA during your lifetime. For more information, see IRS Publication 590-A, *Contributions to Individual Retirement Arrangements (IRAs)* and IRS Publication 590-B, *Distributions from Individual Retirement Arrangements (IRAs)*.

#### **If you do a rollover to a designated Roth account in the Plan**

You cannot roll over a distribution to a designated Roth account in another employer's plan. However, you can roll the distribution over into a designated Roth account in the distributing Plan. If you roll over a payment from the Plan to a designated Roth account in the Plan, the amount of the payment rolled over (reduced by any after-tax amounts directly rolled over) will be taxed. However, the 10% additional tax on early distributions will not apply (unless you take the amount rolled over out of the designated Roth account within the 5-year period that begins on January 1 of the year of the rollover).

If you roll over the payment to a designated Roth account in the Plan, later payments from the designated Roth account that are qualified distributions will not be taxed (including earnings after the rollover). A qualified distribution from a designated Roth account is a payment made both after you are age 59½ (or after your death or disability) and after you have had a designated Roth account in the Plan for at least 5 years. In applying this 5-year rule you count from January 1 of the year your first contribution was made to the designated Roth account. However, if you made a direct rollover to a designated Roth account in the Plan from a designated Roth account in a plan of another employer, the 5-year period begins on January 1 of the year you made the first contribution to the designated Roth account in the Plan or, if earlier, to the designated Roth account in the plan of the other employer. Payments from the designated Roth account that are not qualified distributions will be taxed to the extent of earnings after the rollover, including the 10% additional income tax on early distributions (unless an exception applies).

#### **If you are not a plan participant**

Payments after death of the participant. If you receive a distribution after the participant's death that you do not roll over, the distribution will generally be taxed in the same manner described elsewhere in this notice. However, the 10% additional income tax on early distributions and the special rules for public safety officers do not apply, and the special rule described under the section "If you were born on or before January 1, 1936" applies only if the participant was born on or before January 1, 1936.

If you are a surviving spouse. If you receive a payment from the Plan as the surviving spouse of a deceased participant, you have the same rollover options that the participant would have had, as described elsewhere in this notice. In addition, if you choose to do a rollover to an IRA, you may treat the IRA as your own or as an inherited IRA. An IRA you treat as your own is treated like any other IRA of yours, so that payments made to you before you are age 59½ will be subject to the 10% additional income tax on early distributions (unless an exception applies) and required minimum distributions from your

IRA do not have to start until after you are age 70½. If you treat the IRA as an inherited IRA, payments from the IRA will not be subject to the 10% additional income tax on early distributions. However, if the participant had started taking required minimum distributions, you will have to receive required minimum distributions from the inherited IRA. If the participant had not started taking required minimum distributions from the Plan, you will not have to start receiving required minimum distributions from the inherited IRA until the year the participant would have been age 70½.

**If you are a surviving beneficiary other than a spouse.** If you receive a payment from the Plan because of the participant's death and you are a designated beneficiary other than a surviving spouse, the only rollover option you have is to do a direct rollover to an inherited IRA. Payments from the inherited IRA will not be subject to the 10% additional income tax on early distributions. You will have to receive required minimum distributions from the inherited IRA.

**Payments under a qualified domestic relations order.** If you are the spouse or former spouse of the participant who receives a payment from the Plan under a qualified domestic relations order (QDRO), you generally have the same options the participant would have (for example, you may roll over the payment to your own IRA or an eligible employer plan that will accept it). Payments under the QDRO will not be subject to the 10% additional income tax on early distributions.

**If you are a nonresident alien**

If you are a nonresident alien and you do not do a direct rollover to a U.S. IRA or U.S. employer plan, instead of withholding 20%, the Plan is generally required to withhold 30% of the payment for federal income taxes. If the amount withheld exceeds the amount of tax you owe (as may happen if you do a 60-day rollover), you may request an income tax refund by filing Form 1040NR and attaching your Form 1042-S. See Form W-8BEN for claiming that you are entitled to a reduced rate of withholding under an income tax treaty. For more information, see also IRS Publication 519, *U.S. Tax Guide for Aliens*, and IRS Publication 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*.

**Other special rules**

If a payment is one in a series of payments for less than 10 years, your choice whether to make a direct rollover will apply to all later payments in the series (unless you make a different choice for later payments). If your payments for the year are less than \$200 (not including payments from a designated Roth account in the Plan), the Plan is not required to allow you to do a direct rollover and is not required to withhold for federal income taxes. However, you may do a 60-day rollover. Unless you elect otherwise, a mandatory cash-out of more than \$1,000 (not including payments from a designated Roth account in the Plan) will be directly rolled over to an IRA chosen by the Plan administrator or the payor. A mandatory cash-out is a payment from a plan to a participant made before age 62 (or normal retirement age, if later) and without consent, where the participant's benefit does not exceed \$5,000 (not including any amounts held under the plan as a result of a prior rollover made to the plan).

You may have special rollover rights if you recently served in the U.S. Armed Forces. For more information, see IRS Publication 3, *Armed Forces' Tax Guide*.

**Postponement of Distribution Notice**

If you elect to defer your distribution, the Plan will not make a distribution to you without your consent until required by the terms of the Plan or by law. If you elect to defer your distribution, your vested account balance will continue to experience investment gains, losses and Plan expenses. As a result, the value of your vested account balance ultimately distributed to you could be more or less than the value of your current vested account balance. In determining the economic consequences of postponing your distribution, you should compare the administration cost and investment options (including fees) applicable to your vested account balance in the Plan if you postpone your distribution to the costs and options you may obtain with investment options outside the plan.

Upon distribution of your vested account balance from the Plan, you will be taxed (except to the extent your vested account balance consists of after-tax contributions or qualified amounts held in a ROTH money source) on your vested account balance at the time of the distribution if you do not rollover your balance. As explained in greater detail in the 402(f) Notice of Special Tax Rules on Distributions, you can roll over your distribution directly or you may receive your distribution and roll it over within 60 days to avoid current taxation and to continue to have the opportunity to accumulate tax-deferred earnings. There are many complex rules relating to rollovers, and you

should read the 402(f) Notice of Special Tax Rules on Distributions carefully before deciding whether a rollover is desirable in your circumstances. You should also note that a 10% penalty tax may apply to distributions made before you reach age 59½, unless another exception applies.

If you defer your distribution of your vested account balance, you may invest in the investment options available to active employees. If you do not defer distribution of your vested account balance, the currently available investment options in the Plan may not be generally available on similar terms outside the Plan. Fees and expenses (including administrative or investment related fees) outside the Plan may be different from fees and expenses that apply to your vested account balance in the Plan. For more information about fees, expenses, and currently available Plan investment options, including investment related fees, refer to the prospectuses and/or disclosure documents regarding Plan investments and fees available from your Plan administrator and/or Plan service representative.

When considering whether to defer your distribution, carefully review the Plan Document and/or Plan's Summary Plan Description, including the sections on timing of distributions and available distributions.
